PORT DISTRICT FOOTBALL CLUB INC.

MISSION STATEMENT

The Port District Football Club Inc. is a local incorporated club in the Largs Bay area promoting and encouraging the health and well being through competitive sports activities.

It is the aim to provide the facility for all members to participate in a social and friendly atmosphere where all is welcome throughout the year whilst either participating in and/or supporting cricket or football.

The club encourages all senior players and coaching and support staff to become the most competitive in their sport so that teams may achieve the highest level in their Association Sport (South Australian Amateur Football League for senior football and Adelaide Turf Association for senior cricket). Players are encouraged to commit and dedicate to their sport and club in order to achieve this level.

The goal for the junior branches of the club is to have as many young members of the community participate to develop their skills whilst enjoying the social interaction of team sport, in a safe and protected environment. Winning is a bonus. Whilst the club encourages all junior players to achieve their absolute potential and recognise that may mean they could play at higher levels than that provided at Port District, it is also the goal of the club to maintain the juniors to see progression through the senior levels.

The club is a member of the national "Good Sports" programme supporting the responsible service of alcohol to members of the club and associates. It is the goal to abide by the guidelines of Good Sports to also achieve the highest level recognised.
